## Notes on how to read the Ladders:

The "**MOST TIPPED**" Ladder is a compilation of everyone's tips.

The "**LIVE LADDER**" is the live ladder after each completed round.

Your Ladders are mostly shown in red, if you have a team highlighted in Green then that will mean your team matches that team 's position in the **LIVE LADDER** THE MORE GREEN THE MORE EXPERT YOU ARE IN TIPPING YOUR LADDERS.

A red X in the **LIVE LADDER** means that the team does not match the position of the team against the **MOST TIPPED LADDER**.

"**Correct**" will mean that the team matched the position of the team from the **MOST TIPPED LADDER**.

The numbers against each team is how many times you have tipped a team. If you tipped teams the same number of times they will be sorted alphabetically

The number of times your individual ladder had a team that matched the AFL ladder at the end of each round.  
The leading player will be highlighted in YELLOW

The number of times you have picked a **Home** or **Away** team
